We love China. It's working out wonderfully with her. She's a great dog. She hasn't had any accidents, hasn't chewed up anything important and is great with the kids. She's laying by me right now and is happily chewing on a bone. Thank you so much for taking the time and effort to run your rescue. China is the perfect dog! Thanks to you guys, we got to have China and she got to have a home.
