She is the BEST dog! As you can see her and Rosie are good friends. Sadie loves to swim at the dog beach and is very sociable. She learns quickly and opens the patio door to let herself in from the backyard. Now if she would just close it behind her.

I work with people with Alzheimer's Disease and Sadie seems to know she should be extra gentle when she comes to visit. She is a great advocate for Shepherd rescue because whenever I am complimented on her looks or behavior, I tell people where we adopted her and about [Petfinder.com](http://Petfinder.com).
