

See the [Jazz photo album](#) for more great photos of Pepper Anne and her siblings!

February 2004

Pepper Anne, now four years old, has, as you can see, become more beautiful--how was that possible? She had her yearly check up last week and has gained 7 pounds, she now weighs a healthy 78 pounds. She is a total guard dog, still very ball driven, and loves to play any kind of game I make up.
