Wolfee has been given the honor of being my son's soccer team mascot. He loves the attention from the kids and parents and he loves when they throw him his frisbee. He's put on some weight and is very healthy. He also just had his coat shaved for the summer.

Rocky, was given the new name of "wolfee" by my son. I can't thank you enough for taking this dog.. He is a wonderful and smart dog. He has settled right in with the family and especially with Jazz. They are the best of friends already and constantly keep each other entertained. Jazz has even started letting him sleep under our bed with her... Thanks again!
